

CMPE 261: Large Scale Programming

Assignment 2

Istanbul Bilgi University

Fall 2023

Task

Using the `BMICalculatorApp` you have implemented in the previous weeks, make a GUI application with Client and Server.

- Get the input from the user with the GUI, this must be on the `Client` side. *(20 points)*
- Send the user input to the `Server` side. *(20 points)*
- Make the necessary calculations on the `Server` side *(30 points)*
- Send the results to the `Client` and display them on the GUI. *(30 points)*

Note: Do not compress your files, submit only java files.

Note: Do not forget to justify your answers with comments.
